### DETAILED ACTION

This office action is in response to applicants' communication filed on 3/24/05.

Claims 39-58 and 61-63 are pending in this application. Claims 1-38, 59-60 and 64 have been canceled.

Rejection of claims over US 5,741,819 are moot pursuant to applicants' amendment and arguments.

### ***Claim Rejections - 35 USC § 112***

1. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

2. Claims 39-58 and 61-63 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

These claims define  $X^0$  to be hydrido and halo. However, there is no  $X^0$  anywhere in the formula. J is defined as  $O-R^6$  etc, but there is no definition for  $R^6$  found anywhere. Claims 42 and 43 define  $R^{20}$  and  $R^{21}$  to be various groups, however, no such  $R^{20}$  and  $R^{21}$  can be found in the formula anywhere. In claim 39, in the chemical structure, in the definition for  $Y^0$ , T is not defined. Also, in the same structure, bond between  $J^5$  and  $D^5$  appears to be ambiguous.

In view of all of the above comments, claims are rendered indefinite.

3. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP

§ 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
